# Himanshu Patial

Product Management · Payments, Growth & AI

Dubai, UAE — +971 50 109 5516 — hppatial@gmail.com

## Professional Summary

Associate Product Manager with 3 years at Classplus, taking B2B (Classplus) and D2C (Testbook) features from 0 to 1 through adoption across payments, conversion and AI, with business, engineering and design teams. Now completing a Master of Global Business in Dubai; targeting APM, PM and AI PM roles in the UAE.

## Experience

- **Classplus**
  *Associate Product Manager* *Aug 2022 – Aug 2025*
  - **Payments & Autopay:** Owned the payments vertical at **40,000+ daily transactions** (85% success rate). Rebuilt the in-app payment journey with WhatsApp recovery flows, lifting successful payments **10–15%**, and launched Autopay, which grew to **30% of monthly recurring revenue**.
  - **CTWA Purchase Flow:** Built a WhatsApp chatbot purchase flow that cut purchase steps, raised bottom-funnel conversion **14%** and helped clients reach **3x ROI**.
  - **AI-Convert:** Launched an activity-triggered conversion engine for B2B clients, generating **₹4M (~US $50K)** a month.
  - **AI Tutor (Doubt Mate):** Led development of an AI tutor chatbot, defining requirements, user flows and a RAG approach that grounded answers in course material to improve accuracy.
  - **AI Call Analysis:** Built a call-analysis tool that automated the quality team's manual call reviews and gave leadership lead-quality insight to redirect sales effort, lifting team productivity **8–10%**.
  - **CRM & Lead Management:** Co-built an internal and client-facing CRM with an auto-dialer, raising agent productivity **30%** and sales team productivity **8%**; added lead scoring that matched each lead to a product.
  - **Super Coaching Onboarding:** Shipped an in-app onboarding overlay for a high-value segment, lifting conversion **7%**.
- **Classplus**
  *Deputy Lead, Customer Delight* *Apr 2020 – Jul 2022*
  - **Team & CSAT:** Led a 16-agent support team, holding CSAT at **89–90%** against an industry benchmark of 78–85%.
  - **Resolution Speed:** Resolved **90%** of tickets within 6 hours without CSAT slipping.
  - **Workflows:** Reworked support workflows, raising agent productivity **40%**.

## Projects

- **FinTech App Adoption: India vs Dubai** *(Jan – Apr 2026)*: Surveyed 71 respondents and modelled results in SmartPLS 4 (PLS-SEM), explaining **96%** of adoption-intention variance; turned the drivers into go-to-market recommendations.
- **Rebel Foods (Behrouz Biryani), Dubai** *(Jun – Sep 2026)*: Benchmarked the brand against UAE delivery rivals using PESTLE, CAGE and Porter's Five Forces; recommended changes to positioning, pricing and channel mix.

## Skills

- **Product:** Roadmapping, A/B testing, stakeholder management, Jira, Notion, Trello, Figma
- **Data & Technical:** SQL, Redash, Tableau, Power BI, Excel, Python, JavaScript, Postman, Apps Script
- **AI:** LLM products, RAG, Vector DB, conversational AI, Bolt
- **Methodologies:** Scrum, Kanban, root cause analysis

## Education

- **SP Jain School of Global Management**
  *Master of Global Business, Global Marketing Management · Singapore, London, Dubai* *Oct 2025 – Feb 2027*
- **GGSIPU**
  *Bachelor of Business Administration (BBA)* *Aug 2016 – Sep 2019*
